

## FlipSide

Love music but don't love the player your phone came with? Get FlipSide.

Tunes are organized by album artwork. If you don't have the artwork just click the menu and download it--works every time!

Imagine using your finger to flick through the album covers of your music. FlipSide turns your smartphone into your favorite MP3 player...

### How Does it Work?

With your SD card for you mobile phone download the music that you want to the card and by using Flip Side you can listen to the music with the touch of a button. You can customize into playlists, create your own playlist, and even download any missing album art.
