

Plusmo

About Plusmo

Plusmo is a Java-based app that works on all phones. The app is a dashboard for widgets to your favorite websites. Widgets are basically mini links or mini applications that contain the detail the full website has.

Cool Stuff

Plusmo lets you choose from a long list of options that you want updated everyday. These ranges from comic strips, news, sports, puzzles, the list is huge. Whenever you have a spare minute, open the app and be entertained!

How Does it Work?

- You choose your areas of interest (news, sports, local, etc), and then choose which specific widgets under each area that you want displayed on your dashboard.
- Every day, the data updates for each widget.
- When you use the app, it takes you to your dashboard, where every widget is displayed as an icon. Select the widget you feel like viewing and enjoy!

What does it cost?
