

Poynt

Poynt is an all-in-one local search application for your BlackBerry® smartphone.

Move beyond discovering your local area and begin connecting with the local businesses, retailers and events that are important to you. View your search results on an interactive map, get driving directions, see show times, watch movie trailers and buy tickets – all in one application.

Finally - relevant, accurate local search results - available instantly on your mobile device!

How Does it Work?

Think of Poynt as a mobile version of your local Super pages or Yellow Pages that comes complete with maps – so you can pinpoint nearby businesses, get contact info... and find out how to get there.

Think of Poynt as a movie guide at your fingertips, complete with show times, theater listings, plot summaries and trailers.

What does it cost?

It's Free!!
(Data Unlimited is recommended)

Lifestyle:

- ▶ Work
- ▶ Play
- ▶ Family
