

## YouMail

### About YouMail

YouMail is a free service that forwards incoming calls on your phone to its voicemail management system. Your Carrier voicemail isn't deleted just bypassed.

Vocemails/VM Transcripts are then accessible with your phone, PC, email, or text. For Blackberry users, you can download a free [visual voicemail App](#) (Beta version still). All other phone users can see their visual voicemail via [m.youmail.com](http://m.youmail.com) from your phone's browser.

### WHY ITS COOL:

1. Visual Voicemail - online, in e-mail, or on the phone
2. Voice-to-Text - read your voicemails as text messages or e-mail. (additional cost applies)
3. Voicemail Filtering - goodbye telemarketers and ex's
4. Smart Greetings - different greetings for family, friends and clients, recorded yourself, or choose from tons of specialty greetings!

### How Does it Work?

- Record unique voice mail recordings or choose from a library of hundreds of prerecorded greeting and assign these to specific numbers or contacts
- When your caller goes to voice mail, they will hear the unique greeting that has been assigned to them.
- Numbers or contacts that do not have a specific greeting assigned to them will hear a professional default greetings
- You will receive a text notification that you received a call and whether or not a voice mail has been saved.
- Listen to you voicemails by simply dialing 714.204.3114 or listen from your computer.

### What does it cost?

Free (\$3.88 for Voice-to-Text transcription sent with text or email notifications)
