About Pandora

When was the last time you fell in love with a new artist or song? Pandora is an online music service that you can customize to play the music you love—and nothing else. With Pandora you can explore a vast trove of music to your heart's content. Just drop the name of one of your favorite songs or artists into Pandora and it will find songs with musical similarities to your choice.

Pandora Mobile

Now you can listen to Pandora on your AT&T mobile phone in the car, at the gym, on the train—wherever and whenever you're in the mood to listen to great music

Enjoy all the stations you've created on the web

And create new ones right from your mobile phone. You can also rate songs using thumbs up and thumbs down, and bookmark your favorite artists and songs.

Fully Integrated

Pandora on your phone is fully integrated with Pandora on the web, so everything you create, rate or bookmark on the phone also appears the next time you're back on the web.

How Does it Work?

- Select the Pandora application from your application folder on your phone
- Create a new station or select a station from your current profile
- Listen to your music via your headset or speaker phone.
- If you receive an incoming call, Pandora will pause your current song
- When you complete your call, Pandora will pick-up your song where you left off
- Using your touch-screen, control pause, play, fast forward, give the song a thumbs up or thumbs down

What does it cost?
